

# Ashly WR-2 Wall Remote/4-position pushbutton select

Control your system from any location with our remote controls. These devices fit in standard wall boxes and use low gauge wire for hook-up. The WR-2 remote has a 4-position lock-out push button switch for preset recall. The preset recall switch selects presets 1-4 on the host unit. The WR-2e is the European wall box version.

## Features

- Instant real-time remote preset recall
- Visual indication verifies changes
- Connects directly to host unit
- No network or power supply required
- Window for user-defined labels
- Safety/compliance: CE, FCC, RoHS
