

# **Soundtube IPD-HP82-EZ BK 8 inch High Power Coaxial In-Ceiling Network Speaker/Black**

Dante®-addressable coaxial pendant speaker incorporates one 8.0 inch (203 mm) high power coaxial driver with BroadBeamHP™ compression driver technology for long throw and smooth directivity. Low latency digital audio, power, and control are delivered to the speaker via standard category cable; connection is made on the other end to the STNet-Switch or other PoE / PoE+ switch. May also be powered via a 24V DC barrel connector for non-PoE installations. Configuration and zoning of the speaker are accomplished via software. Includes hanging hardware with galvanized steel cables and hanging bracket for fast, easy and secure installation. Unit may be hung or mounted direct-to-conduit via locking cover plate. Enclosure constructed of injection molded ABS with glass fiber reinforcement for lasting durability in indoor or outdoor applications. Aluminum grille with protective powder coated finish. Unit ships in ecofriendly, recyclable packaging. UL 1480 UEAY, UL 2239 and EN54-24:2008 planned. Included accessories: hanging hardware, weather plug, cover plate, AC-RSEZHH-10, and AC-RSEZHH-10.
