

WyreStorm EX-SW-0301-H2 3x1 HDMI/VGA/DP Switching Extender (Transmitter) with Scaling Receiver

Hitting a sweet-spot between the 2-input and 4-input presentation switcher/extender products, the 0301 is a powerful HDBaseT™ extender with support for VGA, HDMI & DP inputs at the transmitter but also a 4th source local to the scaling receiver. Condition-based relays and support for HDCP 2.2 wrap up this formidable package.

Features:

- 3-input switcher & HDBaseT extender perfect for education or huddle room environments
- HDMI, DisplayPort and VGA inputs with automatic or manual switching
- 2x automatic (condition based) or manually triggered relays on receiver for projector screen or curtain control
- Receiver automatically scales content to match capability of connected TV or projector
- Class B HDBaseT Transmission to 35m/115ft@4K and 70m/230ft@1080p
- HDMI input on receiver for connection of additional source device, such as a signage player when a room is not in use
- Line level audio output on receiver
- PoH from receiver to transmitter means less clutter & cables on desk
- Compatible with latest 4K/60 4:2:0 source devices
- HDCP2.2 compliant
- Control via Ethernet port (TELNET) on RX, RS-232 or front panel buttons
- Slim chassis design means easy and discreet device placement
