

Electro-Voice EVIDC2.1 30W/16 Ohm Ceiling-Mount Satellite Speakers (White)

This listing is for EVIDC2.1 Speakers only. Use description below as a general reference.

The EVID C44 ceiling mount EVID compact sound speaker system is a complete loudspeaker system package with matched components that together deliver high quality sound. The system is ideal for background and foreground music systems for restaurants, bars, patios, retail, and other applications. Its high power handling allows the system to be used in a wide variety of environments and spaces to provide high quality background or foreground music.

Features:

- Quick-install design with captive mounting tabs to fit nearly any ceiling construction
- Four-pin Phoenix connectors on ceiling satellite speakers support pass-thru wiring
- UL 2043/1480 ratings allow for use in signaling applications and plenum air spaces
