

Gefen EXT-VGA-141LR-B VGA Extenders (B-Stock)

Extends any VGA or Component HD display using a Single CAT-5 cable up to 330 feet from your HD source.

How it works:

The VGA Extender LR sender unit connects to your source using the supplied cable. The receiver unit connects to your display - up to 330 feet away. One CAT-5 cable connects the sender and the receiver to each other, extending your video flawlessly.

Package Includes:

- VGA Extender S Sender Unit
- VGA Extender R Receive Unit
- 6 foot VGA cable (M-F)
- One 5V external power supply*

* - Power supply connects to sender unit. Receiver is powered through the sender.

Features:

- One CAT-5 cable for extension
- Maintains 1920 x 1200 x 75 resolution video
- Installs in seconds

Specifications:
