

SunBriteTV SB-WM-ART1-M-BL Dual Arm Articulating Outdoor Weatherproof Mount for 42-65 inch TV Screens and Displays

Weatherproof Coating

This mount is primed with a dependable powder coating, as well as two layers of a durable, corrosion-resistant coating for added protection against scratches. Plus, stainless steel hardware means you'll never have to worry about rust.

Great Extension, Swivel, Roll, and Tilt

An extended distance of 24.4" provides easy access behind the TV. With 100-degrees of swivel, -5/+5 degrees of roll, and -6/+15 degrees of tilt, get a great viewing angle from almost any mount location.

Solid Construction

Underneath a beautiful black powder coat is solid steel, so you know that when you mount your TV, it's there to stay.

VESA compatible

75x75, 100x100, 200x100, 200x200, 600x400

90 lb. weight capacity This Mount is not compatible with the SunBrite 55" Pro Series television. The weight of the television exceeds the maximum capacity of the mount. When using an articulating mount on the 55" Pro Series, please reference SB-WM-ART2-L-BL.

Lifetime warranty

Important Note - For the Veranda 43" TV, please use the spacers (included) to allow entry into the media bay access behind the TV. To fit SunBriteTV models, no brackets need to be cut or modified.
