

Datavideo HDD2.5 SATA 320GB SATA Hard Drive

The Datavideo 320GB SATA 2.5" Spare Hard Drive is a spare 2.5" HDD specifically designed for the DN-400 and DN-500 HD/HDV hard drive recorder. The drive has a capacity of 320GB and can record up well over 20 hours of video. The drive is ideal in any situation where clearing the existing unit is inconvenient or not possible.

Features:

- 320GB 2.5" drive for DN-400 and DN-500 DV/HDV Recorders
- Durable outer shell
- Records over 20 hours of continuous footage
- All the benefits of tapeless workflow at your fingertips
